- Hindi

CERTIFICATIONS

- Internet & Cloud Computing Foundation
- Advent of Cyber 2024
- Java Advance Certifications Course
- J.P. Morgan - Software Engineering Job Simulation
- Certified Ethical Hacker (CEH)
- SQL (Structured Query Language)
- Python

PROFILE

Dynamic Web Developer with a brief yet impactful tenure at E & N Technology Services in Maharashtra, India. Specialized in Flutter and Mobile Application Development, I excel in integrating advanced security measures and fostering teamwork. My approach has significantly enhanced project outcomes, demonstrating a unique blend of technical prowess and collaborative spirit.

WORK EXPERIENCE

Full Stack Developer Intern

ENATS | Maharashtra, Mumbai (June 2023 – July 2023)

- Built responsive web applications using HTML, CSS, JavaScript, and PHP.
- Collaborated with a team of 3 developers to integrate APIs, improving system efficiency by 15%.
- Conducted debugging and optimization, reducing load time by 20%.
- Gained hands-on experience with fundamental concepts in web and API development.

PROJECTS

Harvestify (Flutter, Firebase)

Developed a grocery delivery app with a user-friendly interface and features such as login functionality, ListView for product display, and cart integration.

IVA - ChatBot & Assistant (Python, Flask, Flutter)

Created an interactive voice assistant integrated with a mobile app for seamless user interaction. Leveraged AI to automate responses, improving response accuracy by 40%.

Attendance Management System (PHP, MySQL)

Designed a system to track employee attendance with daily charts highlighting late arrivals and early departures. Improved administrative efficiency by 25%.

Advent of Cyber 2024

Participated in a global cybersecurity challenge, solving practical scenarios related to ethical hacking and data protection.

EDUCATION

Bachelor of Engineering - Computer Engineering

Fr. Conceicao Rodrigues College of Engineering, Mumbai (2024–2027)
Relevant Coursework: Data Structures, Web Development, Cybersecurity, Cloud Technologies.

Diploma in Cloud Computing and Big Data

Vidyavardhini's Bhausaheb Vartak Polytechnic, Mumbai (2021–2024)
Graduated with First Class Honors | Ranked in Top 10% of Class

High School

St. Joseph's English School, Mumbai (2009–2021)
